www.ddec.ca

Dear Parents, Staff and Community members:

We are pleased to inform you that local DEAs have approved the recommendation of the Chief Public Health officer to close Dehcho schools until April 14.

We are still waiting to hear from the Kakisa Lake school DEA, but their response should be coming in the next two days.

That being said, the central office is currently working on a business plan to ensure, as best we can, the delivery of services to our employees and students.

This will be a comprehensive action plan that will clarify how we will proceed to control the spread of the virus once we all come back to school.

The school principals are also working with teachers to come up with lesson plans to minimize the impact of school closure. We will communicate with our parents in the next few days to explain how this will roll out.

Rest assured, that ECE is working closely with DEC's to assess how we can best serve our Grade 12 students who will graduate this year.

We will provide frequent updates on our district webpage at : ddec.ca.

We will also send these updates to the Band Councils. Thanks for your support and patience in these difficult times.

P. Brulot
Superintendent, DDEC
